Juniors
Career Action Plan

Graduate School
• Begin to explore graduate and professional school as an option.
• If possible, plan to take the GRE, GMAT and LSAT during the fall of your senior year.
• Attend graduate school campus events at both Pitzer College and at the other Claremont Colleges.
• Review graduate school material online and in our resource library.

Employer Information
• Attend employer information sessions offered at all the Claremont Colleges.

Alumni
• Contact Pitzer College alumni to network and learn about career paths pursued by Pitzer alumni.
• Conduct “informational interviews” with alumni or other professionals in your field of interest.

Jobs and Internships
• Sign up with PitzerLink which includes NIC (Nationwide Internship Consortium).
• Create or update your resume.
• Conduct a mock interview to develop and hone your skills for interviewing.
• Obtain an internship to explore career fields and develop career-related skills.
• Apply early for summer jobs and internships.
• Attend Job and Internship Fairs at the Claremont Colleges and at other colleges in Southern California.
• See Career Services web page for list of local career fairs.

Professional Associations
• Join professional associations or organizations related to your field of interest and attend their meetings.

Leadership Skills
• Continue to develop leadership skills and learn about careers by participating in campus and community service activities.

Career Counselor
• Meet with a career counselor for help with any of the above-mentioned programs and services or for any other career services you may need.
