

**For transfer applicants:**

In assessing transfer candidates, the Admission Committee will pay particular attention to work done in college courses. Transfer applicants should complete any first-year writing courses required at their current institution prior to enrollment at Pitzer. Matriculated transfer students must complete at least two years of study at Pitzer in order to earn a Pitzer College degree. Students who wish to transfer from two-year colleges may do so before they have completed their A.A. degrees. However, we strongly suggest that prospective transfer students take courses from a broad range of subjects, including the humanities, math, social science and science. Pitzer recommends that California community college students complete courses within the Inter-Segmental General Education Transfer Curriculum (IGETC).

**For New Resources applicants:**

The application process for the New Resources program varies slightly from the regular admission procedure. Students must complete two essays; send transcripts of all college work completed; submit two references from people who can attest to their skills, motivation and readiness for college-level work; and must complete an on-campus interview by April 1 (the application deadline). The New Resources program is only open to students who are at least 23 years of age, and only enrolls students for the fall semester. New Resources candidates are strongly encouraged to provide recent academic records for a more accurate admission assessment. Coursework that reflects a liberal arts curriculum and/or work that fulfills requirements for an Associates of Arts or Science degree would be appropriate.

	Transfer	New Resources
<b>Age Requirement</b>	None	23 years of age or older
<b>Completed Credits Requirement</b>	At least 16 semester units or 24 quarter units	No* *Applicants are strongly encouraged to complete at least 16 semester units or 24 quarter units before applying.
