PAYING FOR PITZER

PITZER USES A WEB-BASED APPLICATION, CASHNET, TO MANAGE STUDENT ACCOUNT BILLING. STUDENTS WILL BE ABLE TO ACCESS THEIR ACCOUNT INFORMATION BY LOGGING INTO THE PITZER STUDENT PORTAL.

Billing & Payment

We realize parents are often responsible for making the payments and need access to the same student account information. CASHNet has the ability for students to authorize multiple users to access monthly statements and even make online ACH payments. Students can create a personalized login for parents and guardians if they are assisting with covering the costs of a Pitzer education.

Billing Date Details

- > Fall semester charges are applied to the student account in mid-July in advance of billing on the first business day of August.
- > Spring semester charges are applied to the student account in mid-December in advance of the billing on the first business day of January.
- > Once monthly statements are published, emails are sent to the student and any authorized user(s) informing them that the statement is available. If the statement remains unviewed, a reminder email will be sent a week later.
- > Statements are generated if there is a balance, credit balance or any account activity during the billing period.
- > Delinquent accounts are subject to a monthly late payment fee of \$50 if payments are not made by the 20th of the month.

Receiving Financial Aid?

Your aid package (excluding work-study) will be factored when calculating any amount due to the College. For statements to be accurate, it is important to submit all required information to the Office of Financial Aid.

Payment Options

The Pitzer College Payment Plan offers convenient monthly payment options to those who do not wish to make full payment at the beginning of the semester.

Standard 8 Pay Plan

- > Fall and spring semester charges are divided into four monthly payments.
- > Payments are due the 20th of the month, August – November and January – April.

Standard 8 Pay Plan with Pre-payment Option

- > Opt to make a pre-payment—payment before official billing—during the months of July and December resulting in reduced payments over the remaining four months of each semester as noted above.

Payment Plan Details

- > To participate, complete the Payment Plan Agreement form and return to the Student Accounts Office by June 30. You can find the form in the student-accounts section of the Pitzer website:
www.pitzer.edu/student-accounts/payment-plan-options/
- > Pitzer College charges an enrollment fee of \$50 each semester for participating in the payment plan option.
- > Late enrollments will be accepted until July 31, but will be assessed a late fee in addition to the payment plan fee.
