

**APPLICATION FOR SUMMER FELLOWSHIP IN THE SOCIAL SCIENCES  
SUMMER FELLOWSHIP IN THE HUMANITIES**

1. Name \_\_\_\_\_

2. Date \_\_\_\_\_

3. Type of Fellowship Being Applied for (check one):

Social Sciences \_\_\_\_\_

Humanities \_\_\_\_\_

4. Title of Proposal \_\_\_\_\_  
\_\_\_\_\_

---

**5. Description of the Project.**

Please attach a 2-3 page description of your project, including the budget. You should delineate the theoretical orientation of the project, the methodology, the stage at which you are, and what you would expect to achieve with this support during the summer.

**6. Previous Award.**

Not applicable \_\_\_\_\_

Please attach a description of what you have accomplished with your most recent Pitzer summer fellowship or attach list of paper(s) published, submitted for publication, or presented at a conference.

**7. Other Grant Applications.**

Not applicable \_\_\_\_\_

If you have submitted any grant proposals to off-campus funding agencies in the past year, please give: title of proposal, agencies to which submitted, and status of your proposal.

**8. Human Subjects.**

Not Applicable \_\_\_\_\_

If your project involves research with human subjects, you will need to submit an application for approval of your research protocol to the Pitzer College Institutional Review Board (IRB). The application for IRB review and instructions for submission may be found at [www.pitzer.edu/irb/](http://www.pitzer.edu/irb/) Before an award can be made, a copy of the IRB approval letter must be submitted to the Office of the Dean of Faculty. For questions about whether your project requires IRB approval, contact the IRB at [irb@sakai.claremont.edu](mailto:irb@sakai.claremont.edu) Please note that IRB approval is for a period of one year (see the IRB website for instructions about renewing your application).

**9. Test Animals.**

Not Applicable \_\_\_\_\_

If you are planning on using any non-human animals in your research (excluding fruit flies), you must submit an application to the Keck Institutional Animal Care and Use Committee (IACUC) and receive approval from the IACUC before beginning your research. Before an award can be made, a copy of the IACUC approval letter must be submitted to the Office of the Dean of Faculty. For information see <http://www.jsd.claremont.edu/research/> and click on Animal Usage Guidelines.

**10. Recent Publications.** On separate sheet, please list your publications for the past three years or attach relevant section of your vita. Papers presented at conferences may be included.
