How is Financial Need Determined?

Pitzer's Office of Financial Aid uses the information supplied on the FAFSA, CSS Profile and tax documents to determine the amount your family can contribute toward the cost of your education. Financial aid eligibility is determined by many factors. Income, savings and investments (including real estate), household size and the number of siblings attending a 4-year undergraduate college or university. Other factors and special circumstances may be considered on an appeal basis.

How and When Do I Apply for Financial Aid for 2027–28?

All domestic applicants are required to complete both the Free Application for Federal Student Aid (FAFSA) and the CSS Profile. Undocumented students only need to complete the CSS Profile. International students only need to complete a Pitzer International Financial Aid Application (PIFAA).

Domestic and undocumented applicants must also submit 2025 federal income tax returns, including all schedules, statements, W-2/1099 forms and business tax returns to the College Board's Institutional Documentation Service (IDOC) by the deadlines.
