Strategic Planning: Process Review

Phase II: Priorities, Goals and Objectives (January – April 2019)

Phase III: Implementation Planning (April – September 2019)

Strategic Planning -- by the numbers:

- 12 SPC Meetings
- 13 Working Group Meetings
- 25+ Remote meetings/interviews
- 55+ K&A individual & group meetings (with over 250 participants)
- 800 Comments on Idea Wall
- 2 Surveys with over 800 responses
- 4 Campus Visits with K&A
- 2-day Retreat (involving 20+ faculty, staff, students and trustees)
Goals and Objectives

Strategic Planning Goals
- What will we do during the planning period to accomplish our mission and work toward our vision?

Strategic Planning Objectives
- How will we accomplish each goal?
Goals

Broaden the interdisciplinary landscape and expand academic resources to better equip students to engage holistically with the complex problems of the world.

Advance a College-wide sense of community and engagement by cultivating an environment in which students, faculty and staff all thrive.

Deepen our commitment to financial sustainability to promote broader access to a Pitzer education and create adaptability in response to the evolving higher education landscape.

Develop a culture of inclusive, intentional, and transparent planning and decision-making.
GOAL: Broaden the interdisciplinary landscape and expand academic resources to better equip students to engage holistically with the complex problems of the world.

Objectives:

- Create new interdisciplinary strategies, leveraging existing academic programs, both to guide and respond to students’ changing academic interests.

- Rethink the allocation of faculty lines through cross-disciplinary, faculty-led conversations, to advance the College’s academic plans and priorities.

- Further integrate Keck Science into traditional core academic programming to expand interdisciplinary learning opportunities and promote creativity and innovation in the sciences.

- Improve student learning by using added resources to create new program offerings, enhance academic space and technology, support increased enrollment at Keck Science, and support existing faculty lines and majors.

- Enhance academic support services to better meet the needs of an increasingly diverse student body.

- Reimagine the first and second year student experiences in ways that increase retention and improve academic and career advising.
GOAL: Advance a College-wide sense of community and engagement by cultivating an environment where students, faculty, and staff all thrive.

Objectives:

- Facilitate the bringing together of students, faculty, and staff in both formal and informal settings by expanding the portfolio of shared experiences.

- Steward campus facilities and technology to promote inclusive learning, community and engagement.

- Promote intercultural understanding and community trust through cross-group dialogue and other means.

- Anticipate, identify, and respond to the diverse needs of all members of the College community, emphasizing inclusion and equity.

- Improve the overall student experience, using student-led dialogue as the basis for planning.

- Develop a long-term strategic enrollment plan that increases access to the College, optimizes the use of College resources, and positions the College to have a more socioeconomically diverse student body.
GOAL: Deepen our commitment to financial sustainability to promote broader access to a Pitzer education and create adaptability in response to the evolving higher education landscape.

Objectives:

- Implement a thoughtful plan for enrollment growth to increase revenue and realize the benefits of scale.
- Build a more robust, nimble, and creative advancement operation.
- Build our brand, create more awareness, and capture more of our public’s mind share through a concerted communications program emphasizing the accomplishments of our students, alumni, faculty, and staff, and how these reflect and reinforce the College’s core values.
- Diversify revenue sources, including building the endowment, to create a more flexible foundation for the future.
GOAL: Develop a culture of inclusive, intentional, and transparent planning and decision-making.

Objectives:

- Build a flexible, collaborative infrastructure to collect, store, analyze, and share data to inform institutional planning and decisions.
- Align consortium collaborations with the College’s strategy and goals.
- Make governance structures, policies, and processes more effective, ensuring they draw fully on the wisdom of all stakeholders.
