Also assists students struggling with Alcohol and Other drugs.

What Does Non-Confidential Support Mean?

Pitzer employees (including faculty and staff) must promptly inform the Title IX Office (form linked on main website) when they are informed of an incident related to any of the following behaviors involving a Pitzer student:

- Sexual Harassment
- Dating or Domestic Violence
- Stalking

Pitzer refers to employees with this obligation as “Responsible Employees.” Staff who are designated as [Confidential Resources](#) are **not** Responsible Employees.
