

Pitzer College Study Abroad Application

Adviser Approval – F

Student Name _____

Program _____ Semester & Year _____

Discuss your proposed program and the information in this application with your faculty adviser. Bring program brochures and other relevant materials to your meeting with your adviser. Courses which will be applied to your major must be noted with an asterisk and initialed by your major adviser. **Students on study abroad are required to take a course load equivalent to four Pitzer semester courses. Credits on exchanges and non-Pitzer programs may be expressed in semester, quarter, or other units. This may involve taking as few as three or as many as six courses.** This course selection should be considered a preliminary one. Course offerings may change without notice or not be possible due to scheduling conflicts; so list several alternates where applicable.

1. LANGUAGE COURSE Students in non-English speaking locations are required to study the host country language. Students who have completed the advanced level in the host language are expected to take most of their courses in the host language.
