

# Re Room

## SPRING COLLECTION

### May 11–17, 2015

### Pitzer Road at Atherton Hall

Donate your gently used items to ReRoom for sale to incoming and returning students next fall. All proceeds support student sustainability projects.

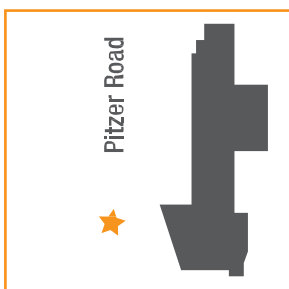

**ReRoom Donations:** ReRoom will be collecting reusable items to re-circulate back into the Pitzer community at the beginning of the following academic year. The program is designed to keep resources in our community, helping you to avoid the expense and hassle of having to go buy new items at exorbitant prices. There will be a Fall Sale of all items and all money collected will be used to support student sustainability projects. All unsold items are donated to local community-based organizations.
