

PITZER COLLEGE

2017 - 2018

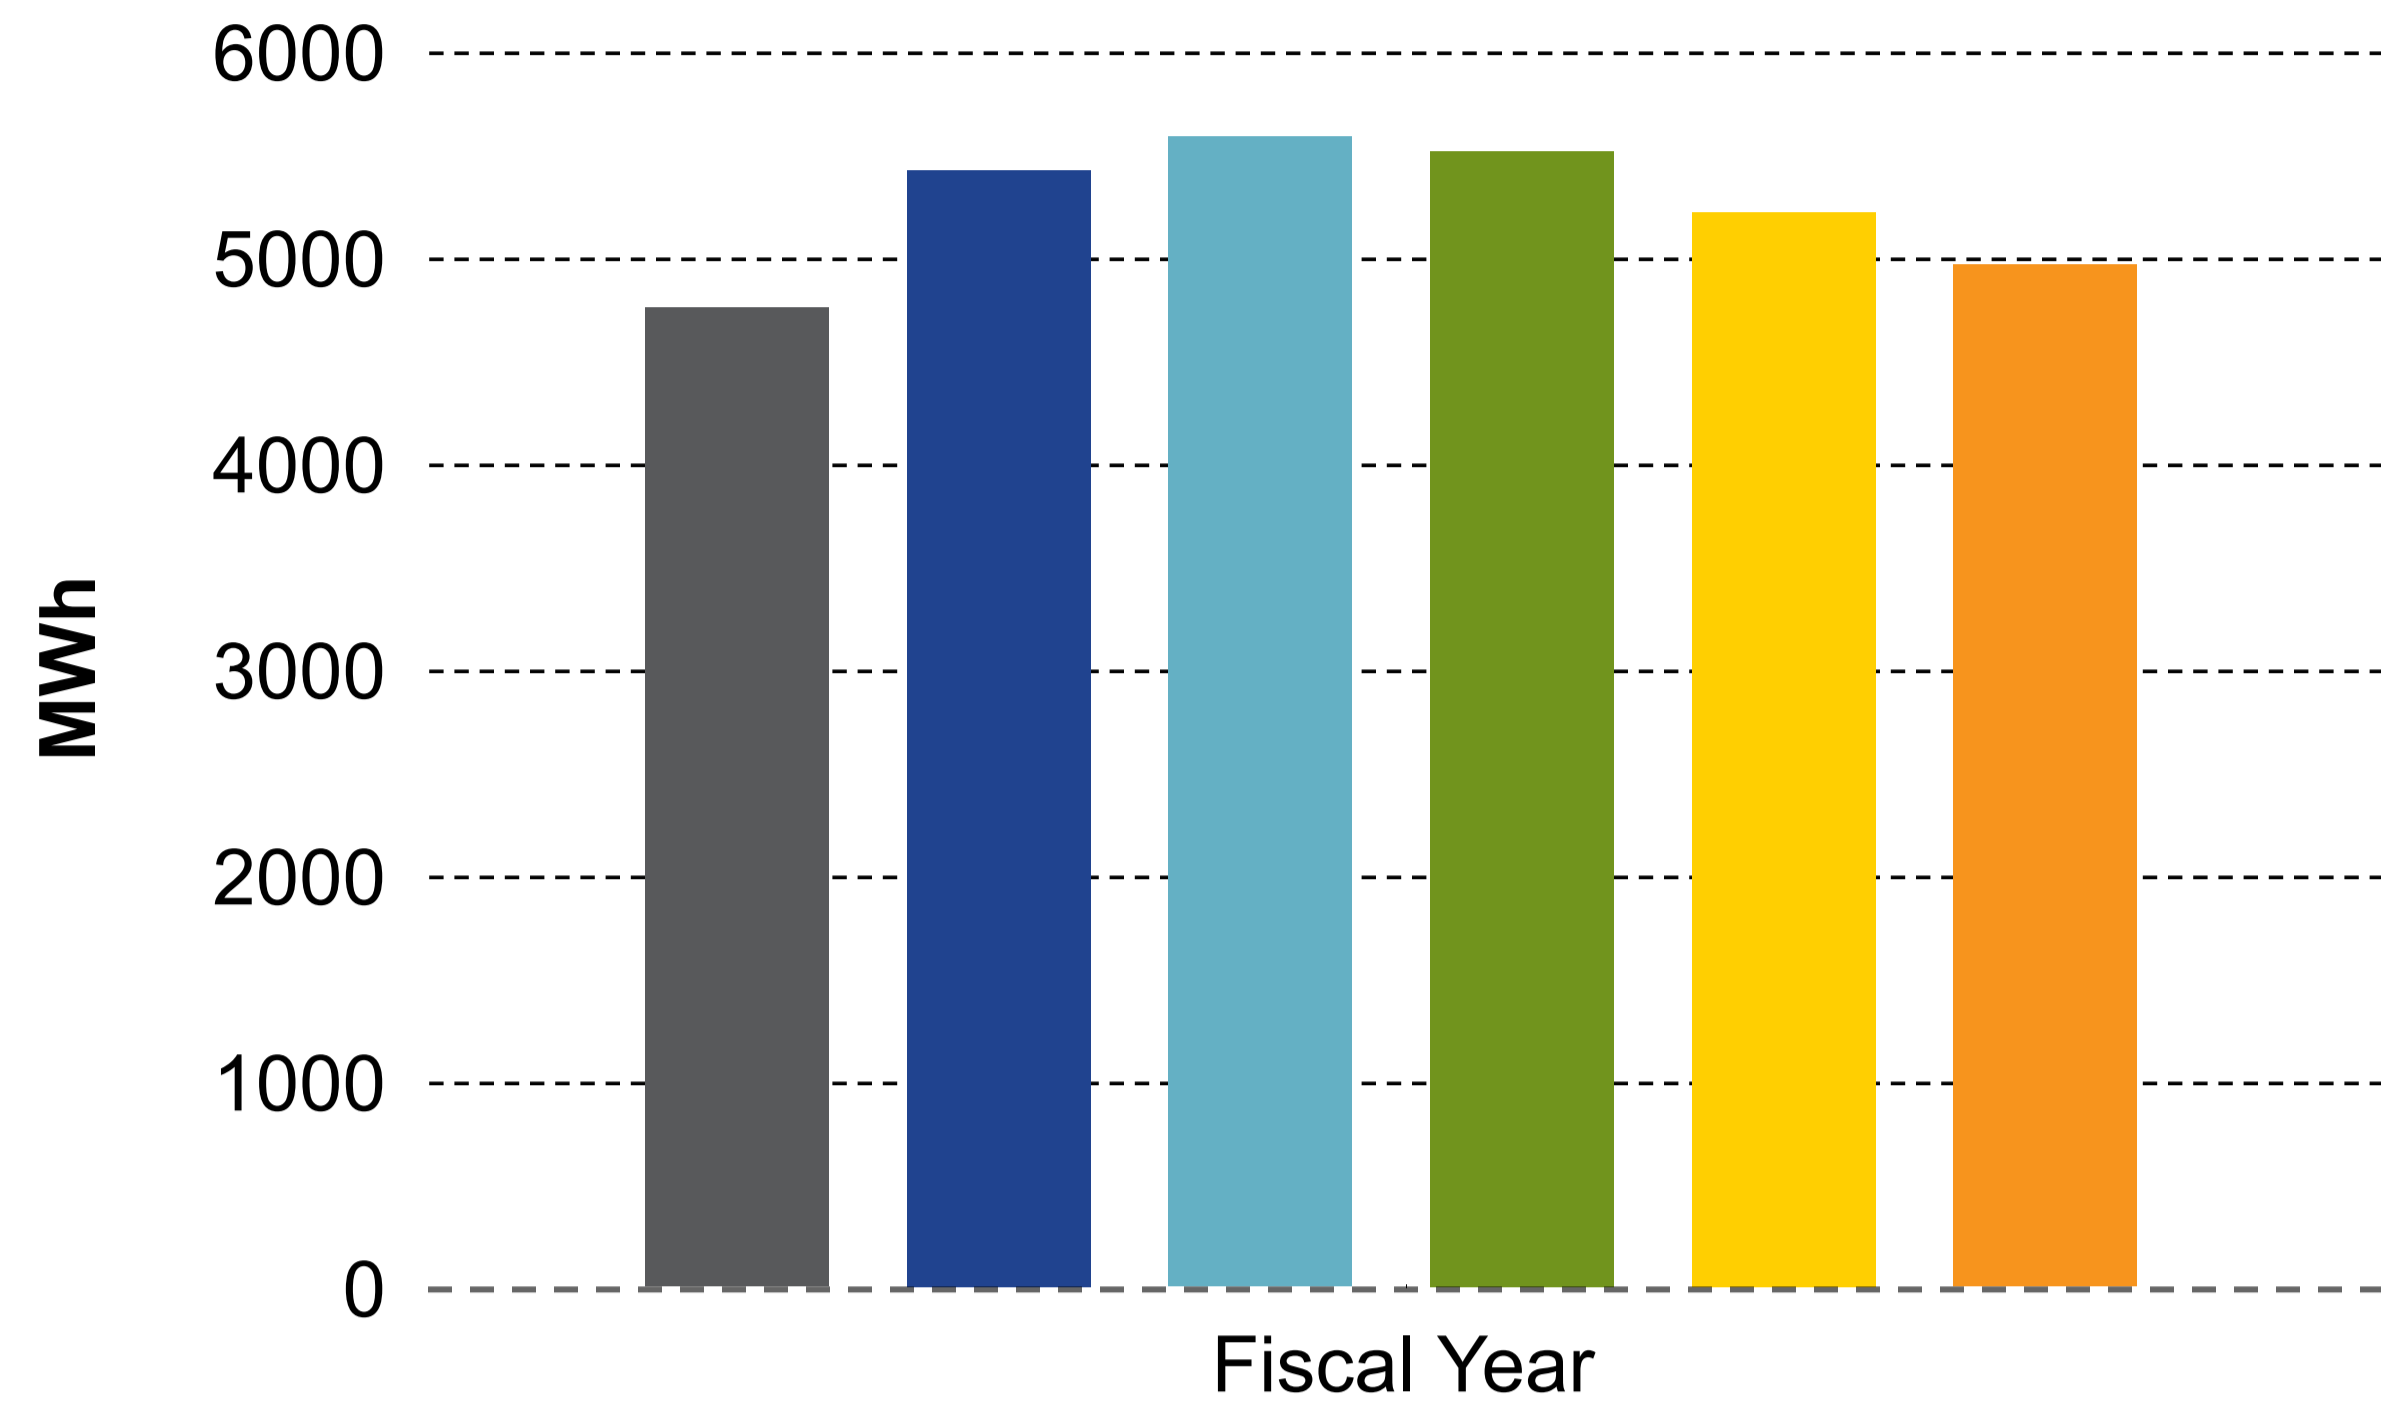

SUSTAINABILITY SNAPSHOT

NATURAL GAS CONSUMPTION 2008 - 2018

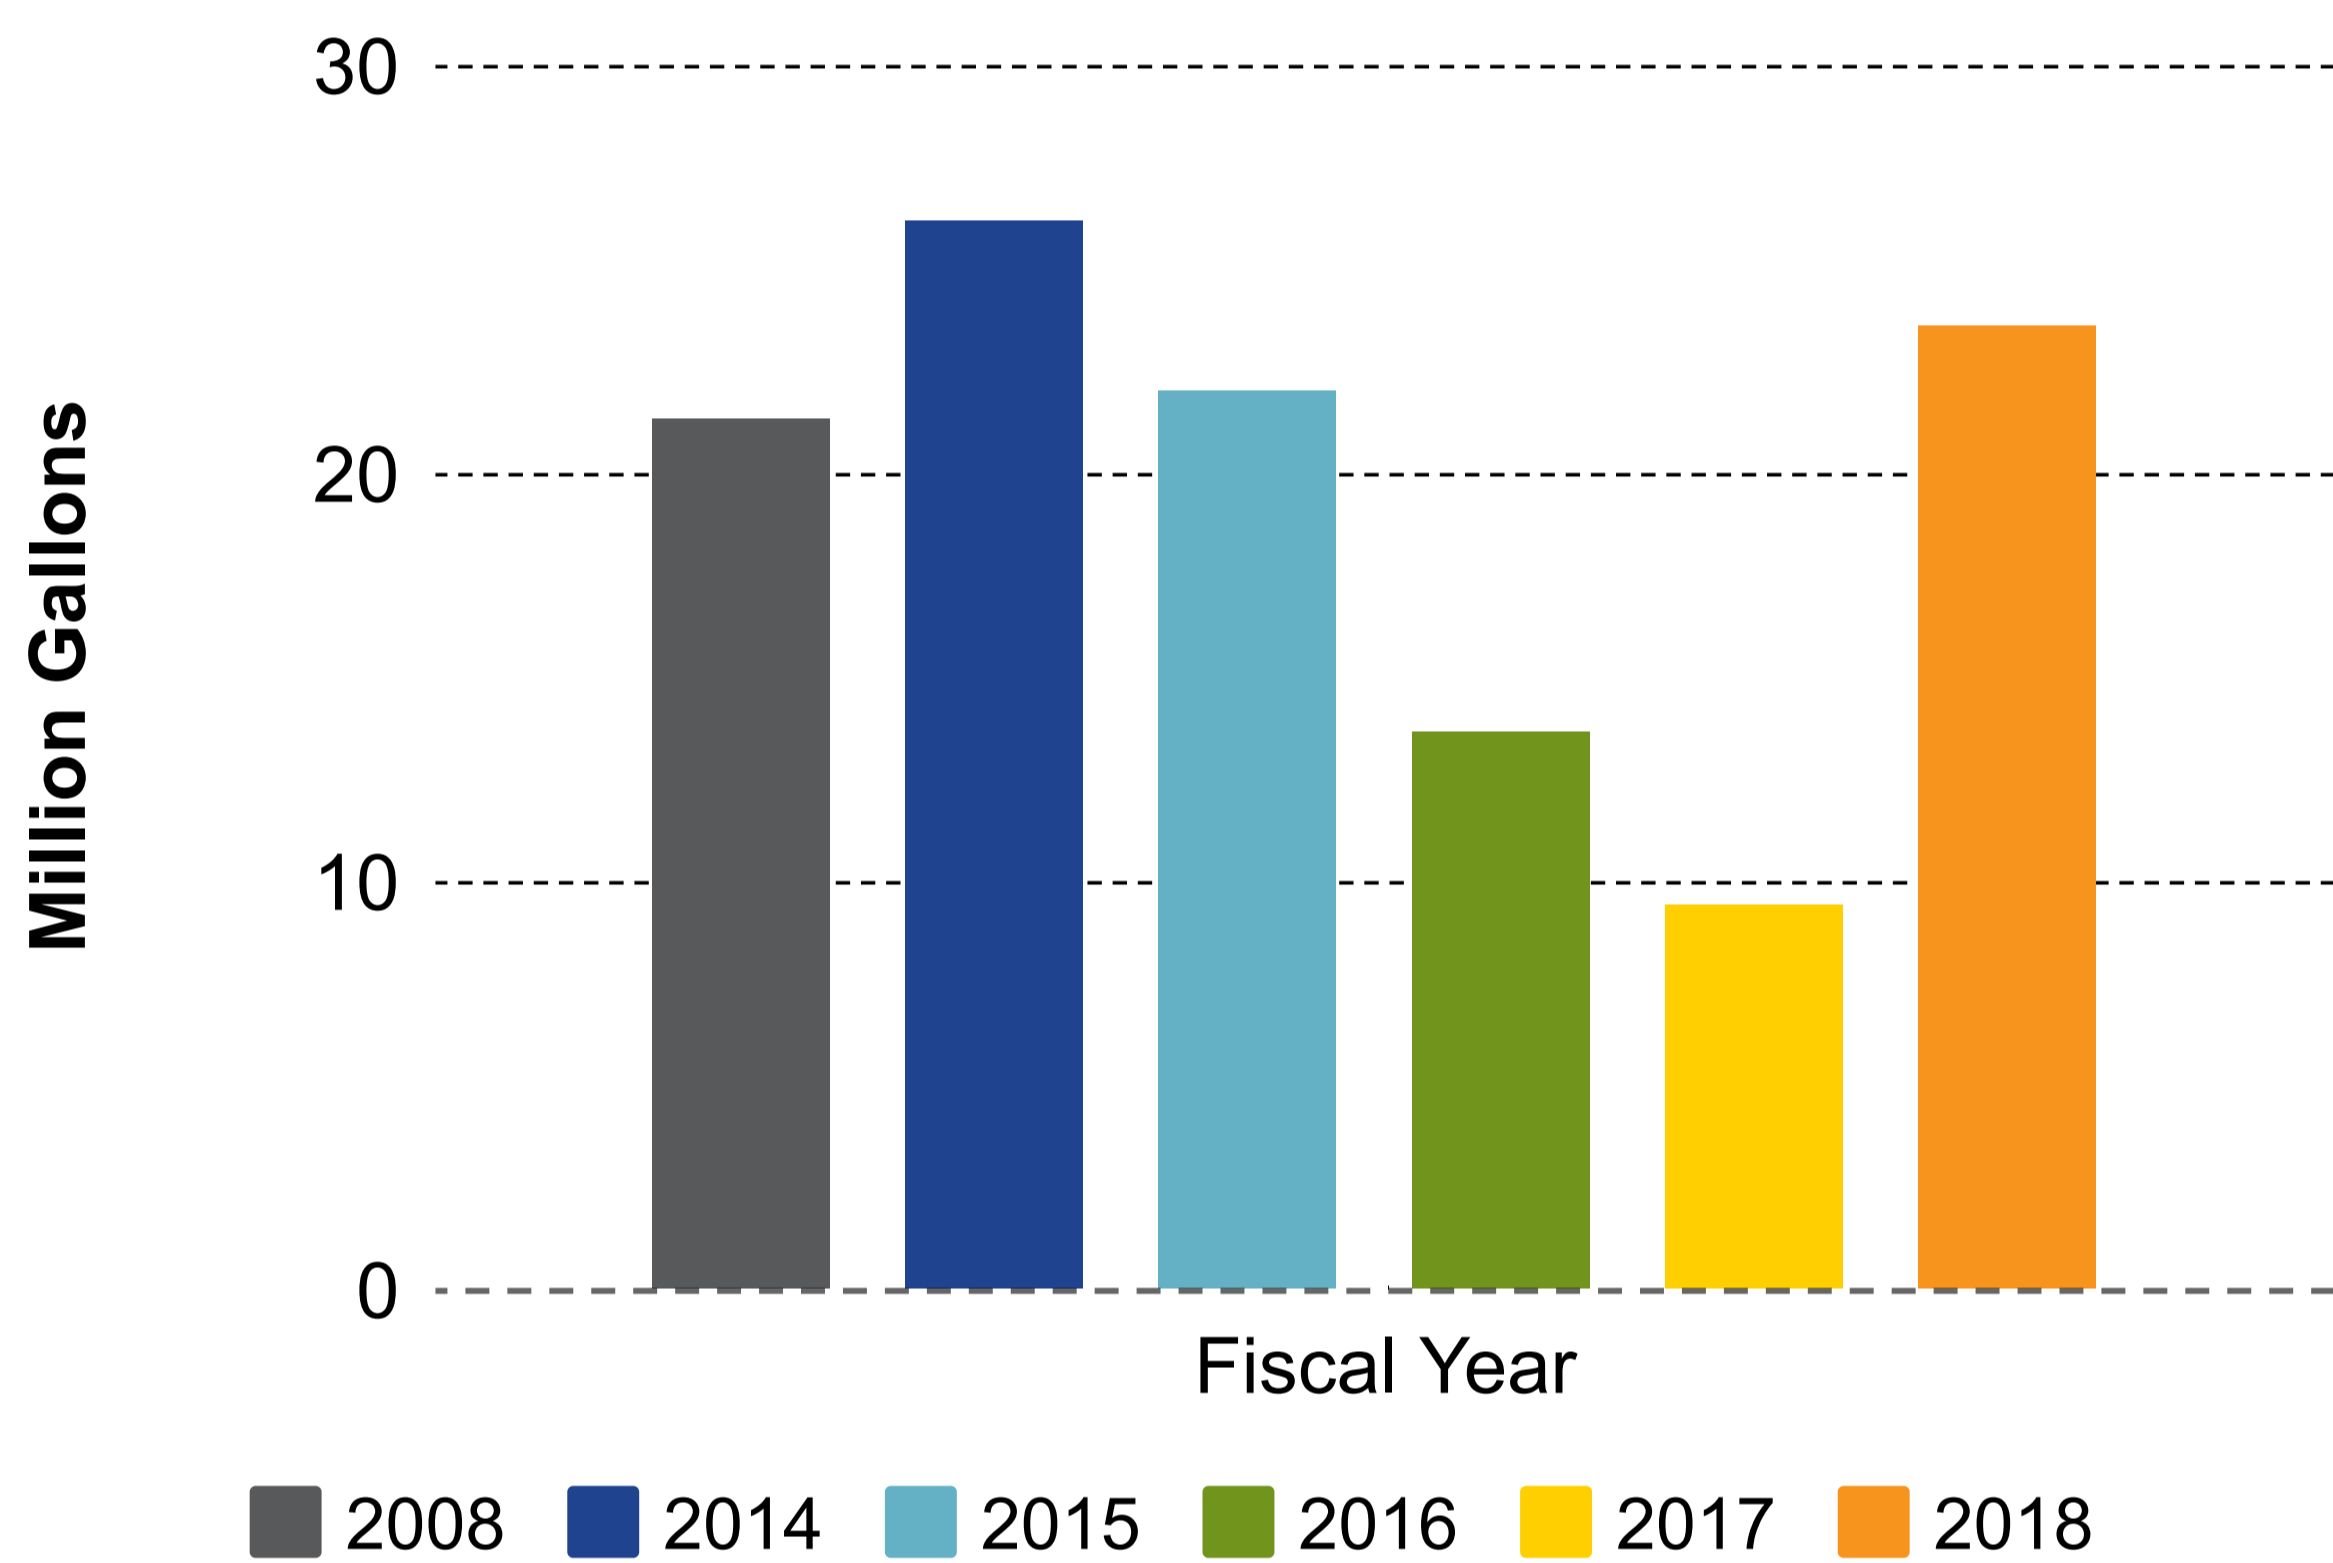

Increase of 16% in FY '18 relative to FY '08

ELECTRICITY CONSUMPTION 2008 - 2018

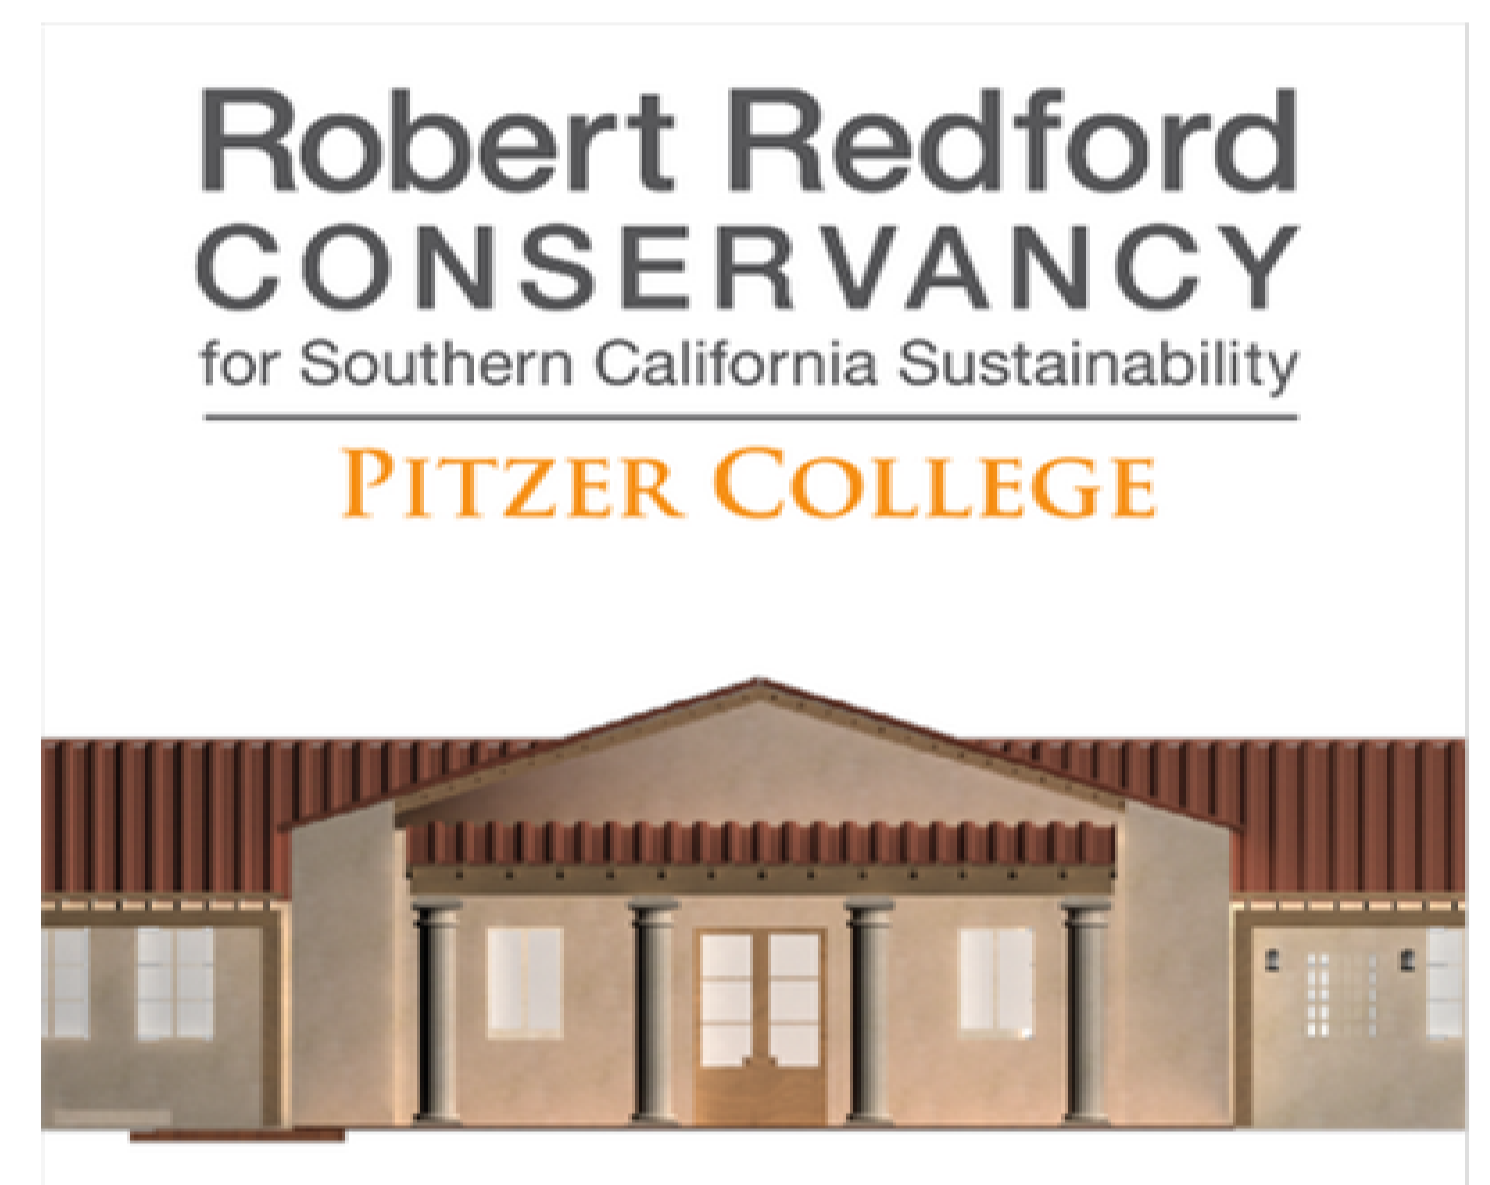

Increase of 4% in FY '18 relative to FY '08

WATER CONSUMPTION 2008 - 2018

Increase of 11% in FY '18 relative to FY '08

Note: Pitzer's building space increased by over 24% from FY '08 - FY '18

Opened for classes in January '18 and was awarded LEED Platinum. Building is also on track to become the first Zero Energy certified building at The Claremont Colleges.

Food Recovery: Student volunteers donated over 2,100 pounds of food to the Salvation Army.

Composting: Dining hall staff collected over 78,000 pounds of food waste for composting.

Re♻️ Room

Student staff led winter & spring donation collections, and hosted two yard sales during move-in. Yard sales generated over \$5,600 and saved countless items from the landfill.

Student Employees: The Office of Sustainability employed 18 students during the school year.

Greenware: 3,886 items were checked out for use by students, staff & faculty.

Renewable Energy: Pitzer purchased renewable energy certificates (RECs) to match 100% of its electricity use.

PowerDown 2018: Pitzer repeated as PowerDown champs, reducing electricity use by 10.2% during the competition.
